Presidents Corner

Hello everyone,

It's that time of year to start repairing and preparing your planes for next summer, or start checking on your indoor-electric models and batteries. At Toledo last Spring I bought several new styles of batteries with higher milliamps for several of my indoor planes. I'm looking forward to flying them.

I've started working on an Extreme Flight Extra 300. So far, so good. It should be a great flying plane. I'm only putting a 100cc in it, so it won't be terribly over-powered. The previous owner had a 120cc in it, but I'll guess he was more of a 3D flyer.

Mike Gauerke is working on a Ziroli Hellcat. He's been posting pictures of his progress. It looks like he's coming along fine.

Talking about Mikey, you may have heard he will be taking over as president and leading us into 2018! Joe Collar is our new treasurer, and I will step into the vice-president position. Please welcome them into their new duties.

The lasagna dinner will be at the Outreach Center on December 31st (New Years Eve Day) beginning at 9:30 am, with lunch at noon and flying to last as long as there's interest.

That's all for now,

Scott D. Cordy ☺
