## Presidents Corner

Hello everyone,

It is August already and I have only been out to the field 5 or 6 times. With the summer being so hot and work super busy, it has just been a bad year for flying so far.

I did finally get the Hellcat done and have 7 good flights on it. With any new airplane there are always some bugs to work out, but I am very happy with it.

Fond du lac's event is coming up soon and I have the whole week off from work. Some of us Calumet flyers are going to camp out at Fond du lac and I am looking forward to doing nothing. The following weekend is our fun fly and I am hoping that we have some good weather for a change.

Well that is all I have for now and I plan on flying a lot more this month and next.

See you at the field,

Mike Gauerke ☺

## MEETING NOTICE

The next meeting of the Calumet Flyers will be held at the **Club Field** on Monday the 13th day of August, 2018 at 7:00 pm.

## Event Calendar

Hello Everyone,

August 25th (Rain date 26th) is our End Of Summer Fun-fly. As always, it would be greatly appreciated if club members could help out in the kitchen and any other jobs needed. You don't need to work in the kitchen all day, maybe in between flying. So lets hope for some good weather and a good turn out.

Thanks again,

Eric ☺

## Meeting Notes

Minutes from the July 9, 2018 Meeting.  
Meeting was called to order at 7:00. 10 members were in attendance.

Minutes from the June meeting were read and approved.

The treasurer's report for June was given and approved. June expenses were utilities, light fixture, and field maintenance expenses. July bills are utilities, septic, Outreach Youth Center donation, and field maintenance expenses. Motion passed to pay the bills.

### OLD BUSINESS

The I-MAC event will be held at the field on the 21<sup>st</sup> and 22<sup>nd</sup> of July. Help is still needed and will be appreciated.

The carpet pieces which were previously purchased will be tried in the electric fly area in the future.

### NEW BUSINESS

Some discussion was held on the hasp holding the outhouse door closed. Alternative solutions will be looked at.

We are looking at replacing the window on the south side of the clubhouse. Some further measurements and discussion is needed.

Motion passed to post a warning to disarm electric planes being worked on in the sun shelter. This means removing the propeller, disconnecting the battery or pulling the arming plug if so equipped. A suitable sign will be forthcoming.

Meeting adjourned at 7:17 pm.

Respectfully submitted,

Michael Gigl  
Secretary
